

Montréal Resource unit Autumn 2016

Introducing the Montréal Resource Unit

Registered on December 7, 2015, the Montréal Resource Unit is a group of individuals in the Montréal area who act collectively for the Tourette Canada by providing assistance and information to families affected by Tourette Syndrome, and other interested parties.

To date, we have participated in the 2016 Trek for Tourette at Parc Ahuntsic on March 20th. At the Casa del Popolo, we hosted a fundraising movie screening on April 24th and a benefit concert on September 5th.

Our next event is the Tourette Syndrome Awareness Carnival. This is a free social event for everyone to come together and increase their awareness about Tourette Syndrome. Refreshments and fun & games will be offered. Please come out and enjoy the afternoon with us.
